

## On Holy Ground

**Andrew Bonar:**

“You can remember when you thought you were to get into heaven in spite of God’s holiness. Now you know that it is because of His Holiness that you get there, for none but the all-holy God would have sent His Son to die for us, or would have known that only a perfectly holy heaven could make us happy to all eternity. Once you dreaded holy ground-but now holy ground is become to you as the very floor of heaven.”
