Sounds startling right? Well SermonIndex.net was accessed by people in over 100 countries in the last 3 days!!

3 days 100 countries

Praise God for the means that He is allowing this site to be accessed and used by so many that are hungry for the truth of God. Do continue to pray and support this ministry.

I will continue to get more interesting statistics out for the body at SI to realize the great work God is doing with this webs ite.
