This is a powerful message on the Judgement Seat of Christ. This message will challenge you to question the way you are living as a Christian today compared to the eternal reality that we are going to go before God one day to give an account of our life.

"God calls us to be holy. He expects us to grow in unlikeness to this world, and in likeness to that world which is to come."
- Horatius Bonar

"set your mind on things above." We are called by God to be people of eternal point of view. We are not to think as other people think or act as other people act, we are called as a different breed of people on this earth. For those that in Christ they are a new creation.

What lofty thoughts are those that are on the judgement seat, that great day!

This was one of the first messages that I heard from the old pom....lol (I'm Aussie, I couldn't help it)

I never turned back, God has truly spoken through this man and He blessed me onto maturity in Christ with Leonard Ravenhill's example.

This message is well worth a watch/listen.

I particularly enjoy the hay, wood, stubble or gold, silver or precious stones section of the sermon.

God bless u all!
