This is a remarkable quote by the late General William Booth (1829-1912), founder of the Salvation Army, which should send shivers down our spines. Almost 100 years ago Booth said this amazing thing which today looks more like prophecy than coincidence:

"In answer to your inquiry, I consider that the chief dangers which confront the coming century will be religion without the Holy Ghost, Christianity without Christ, forgiveness without repentance, salvation without regeneration, politics without God, and heaven without hell."

How accurate and true this is speaking to us today! Many Christians do not realize the change Christianity has undergone in the last century because they do not know their history nor care to know. So often the Bible tells us to remember the ancient ways and to pass down knowledge from generation to generation. Paul's second letter to Timothy alone is overflowing with exhortation to hold fast to what has been passed down and not to forget the foundational traditions of the faith. Sadly, modern Christianity has failed to remember.

Yes, brothers and sisters, our religion looks eerily different than that of William Booth's. Our pulpiteers deliver frightening doctrines foreign to the congregations of years gone by. Our prayers do not reflect the same supplications as that of our fathers. Our hearts do not throb with unction from on high, the Holy Spirit not being our breath by which we live. The General's predictions are staggeringly true! I am discouraged to know that many readers will not even be effected by this.

I've heard it so many times from so many different preachers that everything is alright and Christianity is doing better than ever today... that we are an "army", on fire and on course, excelling in the mission of our 21st century. These are nothing but lies, do not be fooled. Why not pick up a book and read about how the Lord REALLY was moving mightily by His Spirit in days long forgotten, when men and women used to serve the Lord in holiness and power, and sinners were converted in miraculous revivals by the thousands?

"And also all that generation were gathered unto their fathers: and there arose another generation after them, which knew not the LORD, nor yet the works which he had done for Israel." (Judges 2:10)

Dear people, let's not fall into this same fault as did the children of Israel! Heed the words of William Booth; learn the history of the mighty revivals of old; invest your time in seeking the Lord anew for a revival in our day! Our world lies in darkness... when will we take the candle out from under the bushel of deception?

Before you do something else, why not read the quote one more time.

My first thought was, when was this written?, the article that is, had heard the General Booth quote before... Took me a few to realize who had written this. Had read the article on the Holy Spirit the other day and had thought you had dug out another old minister that we hadn't heard of. (Eli has been around here for some time, just missed the connection between his member name and his real name)

It is a remarkable quote, make that prophecy. I wonder how it was received at the time he stated it.

Glory to God!

Re: - posted by sermonindex (), on: 2006/6/18 22:28

I consider that the chief dangers which confront the coming century will be religion without the Holy Ghost, Christianity without Christ, forgiveness without repentance, salvation without regeneration, politics without God, and heaven without hell.

-William Booth

*thats going up on my wall, I know its already on brother Ricki's wall in his home.
