You thought right. I suggest Leonard Ravenhill, David Wilkerson, Keith Daniel, and Paul Washer, just to name a few of the great preachers listed here.

Scott,

I am glad you found this website, I pray that you will be transformed in your ministry and thinking as you delve into these "old saints" that are dead yet speaketh. I encourage you to look into speakers like: Zac Poonen, Leonard Ravenhill (a close friend of tozers) and others..

If you haven't yet I encourage you to listen to this life-changing recording by Paris Reidhead: Ten Shekels and a Shirt and also the Revival Hymn is a great recording to check out.

If you have any questions let me know.
