I think I got this quote right:

"You young people who fill called into ministry, are you willing to stay in a hole in a rock until you hear the Lord say, 'Lazaraus, come forth!' " ~ Art Katz

I heard a similar quote from Paul Washer:

"Go and seek after God in the forest until the dew drops off your head." (paraphrase)

what he is essentially is saying as Ravenhill would to ministers and would be ministers: "GO FIND A CAVE"

You don't need a vacation you need a cave!
