Issue No. 8 - October is available for Download.

It appears that not that many people have been able to download this latest issue. I believe there are is a very powerful message for pastors and laypeople in this issue. Please do print it out and share it with your pastors.

Worry not for numbers. It is an excellent assembly. If only one soul benefits, the Lord will be glorified. Similar to the joy in heaven over just one sinner who repents although there are 99 others.
