Has anyone every heard of Judah Israel Michael? I stumbled across him while looking for something through i-Tunes. The guy describes himself as a "Poet, Performer, and Lyrical Evangelist". I listened to a couple of his poems (free to download), and they seem pretty good, both as entertainment, and as good theologically solid repentance preaching.

I'd be interested in getting other opinions.

His website is (www.judahisrael.com) www.judahisrael.com.

That's pretty creative.... like a freestylin' preacher/poet of sorts. Wow, the 21st century.
