Glyn Owen was the pastor of the Church I attend (Knox Presbyterian Toronto) from 1974-mid 80's. He was a Keswick speaker and had solid biblical teaching. I have met with him a few times in the last year and I asked permission to be able to get more of his sermons up here. He has consented so I will be trying to archive God willing 100's of his sermons. He is quite aged now and I think this would be a great encouragement and memorial to him.

I need help from people to write descriptions for these sermons. If you are interested let me know. It's a wonderful privilege to be able to archive his sermons what a legacy this man has left in the hearts of many men. On a side note: when I met with him and his godly wife one time I was mentioning many speakers on this site, and virtually every speaker he knew personally. Many had come to preach at his church, he told me a vivid story of a new Christian going to a camp that J. Edwin Orr ran, and that they experienced a small revival in a town nearby.

What an honor and a privilege is presented here.

To jot down a few notes as we are listening to these messages (and for that matter *all* the messages here) is not much to ask for in exchange for the vast amounts of prayer and study, of *life* that has been poured out for our benefit.

May we all be encouraged to do so.
