I wanted to just say that God is using this ministry in a big way in my life. I am sure God us using this ministry to bless ot hers as well. Many sermons I have listened to on this website by many different preachers have caused me to re-examin e my life and relationship with the Lord. I live in Upstate New York. I have enjoyed reading many other people's writings in the forums and have been blessed to "chat" many times with Greg on MSN. Support this ministry brothers and sisters ... :-D

Blessings,  
DKR
