urgent need for prayer - posted by FreebyWord, on: 2007/8/3 0:26

Brother Michael, pastor of a small congregation lost his good paying job three months ago on the heels of major surgery and massive medical bills. He has a young family, is working two minimum wage jobs trying to make it. Here in his own words is his plea for our prayers:

Please PRAY for me and intercede as God directs. Instead of sending a lengthy Prayer List and long letter.....Please just Pray for me and over me and my family. We have withstood 3 months of intense attacks spiritually, physically and financially. I'm to the point now that I just can't make it by myself.

I Need Intervention in the Spirit Realm....I don't even trust myself.

Please Pray for me.
