Greg,

Looks good, man. Now you got me waitin'n by the mailbox for the mailman to show up...

Your Brother-In-Arms,
Josh

Brother Josh, thanks ;-) I really felt the Lord leading me to do the Revival Hymn and God really worked through my fingers that night compiling that design, its all Him! I am going to soon do those other covers for the sermons you wanted to distribute, what speakers again do you want to distribute and what sermons in particular. If you wanted to work on some copy for the back of the DVD covers for these up coming titles that would help also.

I will try and get that CD with those images for you to make CD labels but man I have been having computer problems. I am not sure if you heard but I essentially have lost all my files on my external hard drive, so im trying to get all those old images back slowly. I will know more on tuesday whether or not the information is retrivable and how much it will cost.. o uch. heres the thread to pray for this situation:

(https://www.sermonindex.net/modules/newbb/viewtopic.php?topic_id2015&forum47&3) SermonIndex information lost a nd hardware problems!
