Saints,

this is a must watch video. It does clearly show how this modern type of gospel promoted by Joel Osteen is not from God. Preaching on hell is so scarce in these modern day "mega" churches. Oh God help us.

Who owns the voice on that clip? Strong stuff. Would like to download it for a listen later.

I believe it is David Wilkerson's voice.

(<http://www.sermonindex.net/modules/mydownloads/singlefile.php?lid8084>) Hell, What Is It Like? by David Wilkerson

Description: This is a very sobering message on the reality of hell. Barely any preachers these days would even dare to preach on this subject but how sad that falls from the new testament normal of hell as a normal doctrine taught and discussed. Jesus spoke of hell more then heaven, listen carefully and know that there is a eternal hell.

Brothers and Sisters in Christ:

I haven't posted on this site in a very long time and many of you probably have no idea who I am but I do still visit the site and read. I just have little to say in these days.

But I must share what is on my heart concerning this. I am not in agreement with Joel but I think that this video along with this audio clip is more like making a mockery of someone and don't think it is in the spirit of Christ. Maybe I am getting soft in my old age or maybe the Lord is bringing me to a new season of maturity, I don't know. I only now that I feel a che

ck in my spririt when I saw this.

The audio message on hell may be a good word but combining it with the video seems to be only mocking another man and not exposing his teaching with gentleness and with the spirit of the Lord Jesus Christ.

That's all...not looking for a debate or argument...you decide.

God bless,
Mike

Brother,

I posted it without much prayer.. I do feel the same way but think it is right for people to know what "real" preaching is. I am going to lock this thread. thank you.
