Soldiers of the light  
By Lightwalker

Standing firm  
Against the night  
Despised of men  
Children of light

With swords held high  
And sorrow sure  
They see the truth  
Hold high the light

And lead the souls of men,  
From darkest night  
To see a cross  
From which pours light.

And from this cross  
Now sits a throne  
Of him who gave his life  
Atoned, and forged the way

Unto the one  
Who loved so much  
He gave his son,  
Behold the lamb of God!

The way of sorrow, see him there?  
On that path, it shines with light?  
And leads us from eternal night.  
Behold the lamb of God!
