Can anyone tell me who the first speaker is on the revival hymn, and the name of the message that that part of the clip is drawn from?

Also, can anyone tell me what the name and author of the music for the beginning of the revival hymn is?

I would really like to know because I create these preaching tracks with music just like that, and I really want to know.

The first speaker is Ian Paisley, and the sermon is called 'Revival Possible and Actual' I believe.

These links might help you out with the other speakers/sermons if you need them:

Hope this helps

Bump, thanks for the info on the speakers, but does anyone have any info on the music?
