Video on GodTube - posted by SimpleLiving (), on: 2008/1/31 23:25

I was looking for a David Wilkerson sermon on GodTube and ran across this little clip called, (http://www.godtube.com/view_video.php?viewkey3a1551f47198cfccae57) Sorry, You Missed The Rapture.

I'm not interested in a theological debate about the rapture, pre-trib, mid-trib, post-trib, pan-trib, etc., That's not my purpose in posting this. I would just like to know what others think of the information given in this clip. Has the seven year peace treaty with Israel already been signed?

The tone and attitude of the video doesn't come across as having the purest of motives but ,that aside, how much of the information given in it is true?

Re: Video on GodTube - posted by enid, on: 2008/2/4 7:58

Watched the video 3 times. You have to in order to get the message properly.

I have also visited the website fellowship of the martyrs before, and they have some interesting things on there. Some things are questionable, but mostly good stuff.

For those who have not viewed it yet, it is less than 5 mins long. The name Javier Solana is mentioned several times.

There is mention of a 7 year peace agreement, which I have never heard of being mentioned in the news. But then again, the UN is always passing resolutions that no one has ever heard of.

As you said Brother Keith, the motives do not seem pure, but the information should wake us up.

Just watch it, and draw your own conclusions.

God bless.

Bless your heart for responding, Enid! I was starting to develop a complex when nobody responded! I thought perhaps I presented something that was out of line or something.

What you responded with is exactly what I was hoping the discussion would be. **Mainly, has the seven year peace treaty with Israel already been signed?** Could it be something signed unawares to the rest of the world? And is the information the video gives about Javier Solana truth or just a conspiracy theory? I have no interest in those, but I think it's wise to be aware of what's happening.

I only wish more people here might respond, if they can shed light on any of this.

Re: - posted by enid, on: 2008/2/4 10:06

Concerning Solana, search wikipedia for info on him. It seems they are right about him. Have heard about him only in the last 3 years, but he has been around for some time.

As for the 7 year peace treaty, who knows?

Thing is, every day draws us nearer to the 'peace treaty', and ultimately, because it is God's word, the fulfilment of bible prophecy.

It has to happen, it will.

God bless.

What I absolutely love about the Father is this: Knowing whether the treaty has been signed or not, whether Christians will endure the Great Tribulation or not, and whether this or that doctrine is correct or not, isn't essential when it's all said and done. Our goal is to please the Father in our daily lives, fulfill the call He's placed on our lives and transform ourselves constantly into the image of Jesus, through His word, our actions, and by His grace! We are to live always prepared.

That's seriously exciting to me! While it's good to study and seek Him in all matters, it's not essential to know *every* detail. Just believe and trust in Him. It certainly takes a lot of pressure off!

Re: - posted by enid, on: 2008/2/4 13:24

Col 1v10, 'that you may walk worthy of the Lord, fully pleasing Him...

For me, our ideal should be to please God.

I think we get involved in things that are of no importance to the kingdom of God. I won't name them, the individual can fill in the blanks.

But the word of God warns us to watch, Mark 13, lest coming suddenly, he find you sleeping, verse 36.

It says the same in other scriptures too.

I just want to be doing what I am supposed to be doing when Jesus returns.

That matters to me.

God bless.

Well, EDIT: I agree that I did wonder where the information was coming from. But, now that I've heard the research into the North American Union - though I haven't tried to verify it from the documents presented as evidence - there are other events in my lifetime, which make me inclined to believe what I'm hearing now.

For instance, when Gordon Brown had been in China, the internet carried 'news' of 'secret new world order' discussions. .. when really, if they were 'secret' *no-one* would know about them. Because, manifestly, the discussions and agreements which have been made, for the foundation of the North American Union, have been kept out of public attention to such an extent that *despite* the appearance of evidence, North Americans are scratching their heads with surprise - and maybe even denial.

What is bothersome, is that in the UK we know the government is trying to pass ground-breaking changes to our legislation, which will have the same effect in their outworking, as the changes to US legislation which have already been passed. No-one imagines these changes will apply against the ordinary law-abiding citizen. But, objectors to these changes in legislation point out that the ordinary law-abiding citizen doesn't have any legal rights left, by which to resist in the unhappy event of being taken into custody. Because now, they can take you in *without* evidence, and keep you till they 'find' 'evidence' and build a case against you. Sounds a bit like what happened to Jesus, huh?

Tony Blair was in the EU President's chair more than once and is not the only head of state who agreed to any of the measures which have been put in place by EU legislators, during the last ten years. Now, EDIT end. he has an office in Jerusalem (ask suzy) and is the Middle East Peace Envoy for the quartet. Basically, that means he's the go-between the rest of the world and Israel on behalf of all interested parties - except Israel EDIT, perhaps, because of course Palestine is part of the rest of the world.

Amen! It comes as no surprise to me that I find more and more reasons to praise God each day!

As I've said many times, I was delivered from many years of legalism and the abusive Word of Faith movement. I have only been a True Christian for less than a month (when I thought I was one because of the so-called "sinner's prayer" I repeated 24 years ago). As I spend more and more time in His Word, I praise Him for allowing me to go through all of that. Why? Because I know that what you say is true! God only is to be feared, not the devil or any anti-christ!

I am wholly convinced that God is on the Throne and He is working His plan for His glory. The victory is already won! This isn't just a cliché or "christian lingo," it's TRUTH! The Father is blessing me with a lot of time to spend in His Word and I know He is with me! There are days when I can sense Him "backing-off" a bit, too. I think He's doing this to prepare me for times when I may not sense His presence at all. But, I can't be fooled! I know He's still there! I am not ruled by feelings and emotions anymore! (This is what the Word of Faith folks rely on.) I have *faith* and it's increasing daily. "Don't doubt it," as dear Brother Keith Daniel says!

I have no fear of the end times, the Great Tribulation, the antichrist or any man. I serve the One True God who is on the Throne and is the same yesterday, today and forever! He promised never to forsake me and I believe Him! During the

times when I do not sense His presence, I will simply say pray, "Father, I know You hear my prayers because You always do. I don't sense Your presence but I know You're with me because You said so. I trust You right now and won't despair! You are on the throne and You will receive glory in this situation. And I believe You will work this out for my good because I trust in You and have been called by You. I'm not ruled by feelings and I don't need to sense Your presence to know You're with me. By Your strength and Your grace only, help me to do Your will and *in Your time*."

Forgive my long post, saints. I get carried away when I talk about the Lord!

Just want to mention here that I edited my post on the page before this, by adding a couple of paragraphs, if anyone's interested.

The Quartet - which consists of the European Union, Russia, the United Nations and the United States.

Just thought I would let you know who the quartet is in case there are any that does not know.

I found this video very interesting. Most of the info from the video I cross-referenced on wikipedia and found that it all seemed to match up. The only things that don't seem to match with the "end-times" from this is that there is no temple yet for the anti-christ to set himself up in. Also, in Dan.11:37 it says that the anti-christ will not desire women - which would mean that he is either a homosexual or not married or co-habiting. This Javier is currently married. Both of these things could quickly change however. It is rumored that the Jews have all the "pieces" of the temple ready to put into place when the time is right and that they have people arranged to fill the different positions. So even if the 3 1/2 years has started there is still time for the temple to be erected. I agree that we need not fear any of the evil that will happen in the end times - after all it is being allowed by a very loving Father and it will ultimately bring Him glory. :-) However, He did give a lot of info in the Bible of things to look for so that we can know when it is "at the doors". I encourage all believers to study, study, study these parts of the Scriptures. We are told that they are there so that we are not caught unaware. If it doesn't really matter for us to know about these things why would God put them in the Bible?
