Would anybody point me to some sermons about fasting on Si that I could listen to. Particularly ones that you have been blessed/encouraged/challenged by.

thanks

There is a brother here (very occasionally), called lovegrace, who has an email address in his profile. I'm sure he could recommend some, as I know he's read about fasting, and has tried different lengths of fast.

Sorry I can't find a link. The archive in the prayer thread is out of reach, where I might have found an old post.
