A Wonderful Sister in Christ just sent this to me. I just listen to it tonight, I was so true and much needed. Do spread it to sisters and brothers, that we gain a better understanding Biblical womanhood.

May God grow us as Sister in the Lord, That we would desire to be women of God. He talks about our role. It very sad, how true that the world as lied about what true biblical womanhood is.

I think of the Proverbs 31, and what that role looks like in marriage. Ephesians

What do you think? what was are we going against this? What was have many women been lied to? What is the role of the women in the Home? And how does living this out bring great glory to God?
