Anyone have any information on bishop Damasus? - posted by All2and4Him (), on: 2004/6/30 0:28

I found out about him being the first guy who claimed that the church of Rome was in charge of all other churches. I would like to find out about him and some of the bishops of other cities that he had excommunicated.

Hey, thanks Philologos! Finally someone answered it. It did provide just a little more light on the founding of Roman Catholicism.
