I just watched a messege that Ben Crandall preached from TSC. I was very blessed and provoked by the word he spoke. I was wondering if anyone knows who Ben Crandall is. Is he a pastor of a church? What his background is or where he lives or is from. I couldn't find anything about him and was just curious. I loved what I heard and saw in and from this man.

He preaches at Times Square Church in New York.

I like to hear him preach, too.

God Bless
