Sermons that blessed me recently - posted by hmmhmm (), on: 2008/8/14 14:38

Here is some of the messages that has been great encouragement for me lately.

(<https://www.sermonindex.net/modules/mydownloads/visit.php?lid2305>) Attributes of God (Series 2): The Divine infinitude by A.W. Tozer

(<https://www.sermonindex.net/modules/mydownloads/visit.php?lid1399>) The Threshing Floor of Ornan by T. Austin-Sparks

and this one I have listened to probably maybe ten times, when i feel the christian walk is to hard or the temptations to much, this message always get me to "stir up my spirit" and submit to Him.

in not so many words, a message about Gods grace unlike most you ever heard before. And I just re-listened some days ago, what deep truths to really get a hold of!

(<https://www.sermonindex.net/modules/mydownloads/visit.php?lid1373>) The Grace of God by T. Austin-Sparks

I have listened and read this one also before, but a fresh listen to this is very recommended, this book we should be reading continually.

(<https://www.sermonindex.net/modules/mydownloads/visit.php?lid3116>) Words to winners of souls part 2 by Horatius Bonar

and probably the most disturbing and provocative message lately is this one,

(<https://www.sermonindex.net/modules/mydownloads/visit.php?lid12161>) True Fellowship by Art Katz

He who have ears...
