I got an payment from dear brother today and he let me know how he burned CD's from this website and then gave them out for free. And then asked if anyone wanted to support this ministry they could support it by donations. Well I am not sure how many CD's he passed out but here is the amount raised below, thank you for everyone that is helping keep this ministry going, its definitely a God body working together here for genuine revival.

EDIT: opps the reason I posted this is for to give this idea for other people who want to help raise support for this ministry and that want to spread the word of God.

Hi, What a great website. Over the last few months I have downloaded several sermons and burnt them to CD and have passed them round to friends at church, I asked for donations to your service. This is the sum total of these donations. Keep up the good work.

Every Blessing,

Robert Allison
