Please take time to read the article on the RVG Gomez, the Spanish Bible Issue. This article is why I believe the RVG Gomez to be God's Word to the Spanish Speaking people.

Mi Testimonio Sobre El Uso De La Biblia Reina Valera GÃ³mez por Misionero Ulises VelÃ¡zquez

My name is Mike Wilps Missionary to Paraguay South America. We have been here almost 2 years now and God is blessing. We have started a Church in the city of Villeta and working on our second work. We have men Called by God to preach the Gospel. I really Believe with all of my heart all of this is because of God and His Word the RVG "Gomez." It has never been easier to win souls to Christ, the doctrine of hell has never been clearer, Saved Paraguayan men have never been so passionate for Christ and His Word. "I have personally used other Spanish Bibles in the pulpit, but not any longer. I am now convinced that the RVG is the Word of God for the Spanish speaking people."

There is a lot of confusion today about which Spanish bible should be used. The spanish Bible issue is a very important topic, and I believe the proof listed in the article above will help you in your decison.

Most bible believing churches have heard mainly about four different Spanish versions of the Reina-Valera the 1602, 1865, 1909 and 1960. Even though there are many other versions. Which of these Spanish bibles are correct? Which Spanish bible should all Spanish speaking people and ministries use? Which Spanish bible is true to the textus receptus and mazoretic texts which our blessed King James Bible came from?

THE "RVG" IS THE ONLY SPANISH BIBLE THAT READS LIKE THE KING JAMES BIBLE IN ISAIAH 14:12

This comparison chart on hell is one of the reasons why I use the RVG and could NOT use 1602,1865,1909,1960 and all others. I believe with my heart if you truly read the article above and study this chart about hell you will understand why we stand for the RVG.

If a person is completely bilingual in Spanish and English, what version should he read?

The KJV or RVG? And why?
