Saints,

Brother Katz points out the character of God in the people that He uses to reveal "His Arm". God makes us partakers not only to His wonderful works, but more importantly, He makes us partakers of His character.

As long as I have been on SI I have only recently discovered the ministry of Art Katz. He was truly a blessing to the Church.

Indeed it is a blessing and spiritually refreshing.  
It is a lesson on the character of the people that God uses to bring about wonderful events, like Christ's birth.
