I knew that a couple of month ago GTY was offering free mp3's. But I just received a letter in the mail for there ministry saying that EVERY sermon John MacArthur has preached is available for FREE! (<http://www.gty.org/>) Grace To You

"You read correctly-from now on, anyone who wants it has completely free and unfettered access to every message I've preached." (from the letter)

Plus this month he is offering a two CD series on the End Times.

Thank you for the heads up...

Many of my first Christian brothers and sisters were either part of Grace to You ministry, the church, and the Masters College people.

I was some what taken back as I researched GTY sermons. I love the OT Scriptures and naturally sought to download his teachings in the OT. What amazed me, is that he after so many years, has essentially ignored the OT Scriptures.....

I never would have thought this possible.....

:eek:
