### Missing chapter in audio KJV - posted by KeithLaMothe, on: 2004/8/13 21:42

It appears that the audio KJV NT in the downloads section lacks 1 Corinthians chapter 16. Only noticed when I was listening to my playlist and heard it jump from 1 Cor 15 to 2 Cor 1. Thought "Hey, isn't it supposed to be Mark 16 that's disputed?" ;)

Not a big deal, but if the missing chapter could be uploaded sometime, I'd appreciate it.

Thanks brother Keith there is alot of these type of small errors and if they are brought to my attention I can correct them easily ;-)

(<https://www.sermonindex.net/modules/mydownloads/singlefile.php?lid4687>) 1 Corinthians - Chapter 16

I am going to get the Old Testament up soon, I think it would be worthwhile and good to have it at SI.

I would be much indebted to you if you could provide the OT KJV in audio. I have the NIV (OT and NT) on mp3 (it's sold on 7cd sets, about \$50 USD), and used it for OT listening, but I prefer the KJV or at least the NASB.

Thanks for putting the missing chapter up :)
