

SermonIndex Support :: Search Bar

Search Bar - posted by Talkn2u, on: 2009/8/7 14:52

I am just wondering what has happened to the SEARCH BAR?

I want to look up a topic, but I cannot find the search bar to even find out if this topic has been on the boards already...

Thank you,

Hi,

until the entire search function for the site can be rebuilt I recommend people use this:

http://www.google.com/coop/cse?cx=007465431020570466359%3Adn1_kpmeho4

There is a link to it from the top of the front page.

Thank you... I had tried that before I posted my question..maybe I didn't check it thoroughly.

I saw "sermons" on the topic, but not any forum discussions.
