hello saints, id like for those who feel lead to pray for a man, he was my neighbor but was evicted from his house by the landlord yesterday, my wife saw him sitting with his dogs in the rain and thunderstorm soaking wet and talked with him, he explained what happened, so she invited him inside to make some phone calls and to dry up a bit, i had a conversation with him and by gods grace i could share my testimony and share some about Jesus to him, he was able to get in contact with some relatives that picked him up, i gave him some tracts and asked he would take ten minutes and read them, he shared he was thinking of committing suicide since everything was going down the drain so to speak, he has serious problems with alcohol and pretty much lost everything.

Please pray he would gain ALL by finding Christ.

Thank you all

I will be joining HeartSong in prayer, brother. Praise God for the opportunity you had to share with him your testimony and the gospel.
