Click the above link to load an interesting flash movie that shows the time live in animation. This was shared to me by a dear brother and it opens the question to us about time! How are we supposed to spend it. What is a good use of time. Can small amounts of time led by God accomplish more than long amounts of time without God?

"I was tempted to ask you to sing 'When I survey the wondrous cross' I am not going to ask you to sing that. 'Were the whole realm of nature mine'. You wouldn't give Him it! Try giving Him an extra hour this week. Get out of bed at 5 instead of 7. Give Him an 1 hour every week and next week you will get another hour. You see you have to account for your time. So here you got three: You live 24 hours a day, you work 8 hours a day, you sleep 8 hours a day, what do you do with the other 8! Put that into years. You live 60 years: you sleep 20 years, you work 20 years, what do you do with the other 20!"

-Leonard Ravenhill
