When is the Army going to understand that devout Muslims are not willing to go to combat against other Muslims??

Interesting.

But Christians will justify going to battle to fight other Christians...hmmmm. EDIT - removed rest of post.

Though they may kill you, love them as Christ loved you when you crucified HIM.

No Muslim or anyone else for that matter came to the LORD at the end of a gun. We fight with a sword, but our sword is Gospel.

How unselfishly have you treated them? Where do they distinguish us from others?

Are we not changed? Is HE not the truth?
