I watched the video and was very moved by it. There was many things mentioned that is so important. Particularly how God disciplins us. So many times we are faced with a trial and think it's Satan when it's actually our Father showing the error in our ways.

One thing that I didn't see mentioned was the message of repeantance. Maybe it was implied, but the only way God can remove anything from us, is if we repent from that sin and turn 180 degrees from it. In my church I hardly hear the word s "repent."

Anyways...thanks for posting the link.
