Make yourself acquainted with Leonard Ravenhill.
That is a very good starting point.

A good start always is to check what are the featured sermons archived on the front page of the site. Also the top 10 downloaded sermons on the front page on the bottom right is a good start also. I would recommend these two paticular sermons to start:

(<https://www.sermonindex.net/modules/mydownloads/singlefile.php?lid282>) Ten Shekels and a Shirt by Paris Reidhead
(<https://www.sermonindex.net/modules/mydownloads/singlefile.php?lid3169>) The Revival Hymn (low-quality) by Compilations

and then as brother Lars suggested there are some speakers that are worth noting above others to start with:
(<https://www.sermonindex.net/modules/mydownloads/viewcat.php?cid1>) Leonard Ravenhill
(<https://www.sermonindex.net/modules/mydownloads/viewcat.php?cid6>) A.W. Tozer
(<https://www.sermonindex.net/modules/mydownloads/viewcat.php?cid27>) David Wilkerson
(<https://www.sermonindex.net/modules/mydownloads/viewcat.php?cid2>) T. Austin Sparks

enjoy ;-)
