Here is a fascinating story of how God reached down and touched the life of the son of a Hamas leader and brought him to himself. This story was on AFR radio the other day, is on Fox News and [www.onenewsnow.com](http://www.onenewsnow.com).

Here is the link to Fox News: <http://www.foxnews.com/story/0,2933,587933,00.html?test=latestnews>

The name of this young man is Mosab Hassan Yousef in case you may need to google to find the story.

I find this testimony such a blessing...thought it may interest others here as well.
