My name is Andrew, I live in New Zealand  
I went on to this site when I saw a link to Ray Comforts Video on street preaching. Isn't the internet cool.  
It was way cool and easy to download.  
So I've joined up and hope to find some more good material and maybe some good discussions.

Hi, Andrew, welcome. Yeah, Ray Comfort has taught me a great deal, especially how to evangelize completely!!! What a blessing and privilege to share about the Lord Jesus Christ with a dying world.

Welcome, this ministry is great, very Christ-centered and bible-based. It's a blessing for me to read from others here.

Hi Andrew! Wow, New Zealand- I would love to visit there someday. Glad you found your way here to SI. If you haven't listened to (<https://www.sermonindex.net/modules/mydownloads/singlefile.php?lid282>) Ten Shekels And A Shirt by Paris Reidhead- I really encourage you to. It's been called the Sermon of the Century! It's also the top downloaded sermon, I believe.

I hope you will be blessed by all that SI has to offer.

Satisfied in Him alone, Chanin
