Excellent balanced article in the latest national geographic on biblical archaeological findings in Jerusalem. The LORD reveals!

Re: archaeology - posted by JoanM, on: 2010/12/14 9:43

Where is the reference link, andie?

Re: - posted by SolaVeritas, on: 2010/12/14 17:20

Hello, Joan, my guess would be that you need to go and buy a National Geographic magazine (made from paper), you know, like our grandfathers used to do...

Sorry, but your question made me smile :)

I googled "National Geographic" and found a long article discussing David and Solomon. It is 12 pages long. I think it will be interesting - I read about 6 pages....

Andie, is this the article you are referring to?
