Thank you Greg, and Robert.

Over the years in Sermon Index, you both have been a great source of fellowship, biblical integrity, and spiritual encouragement to others and myself. I sincerely appreciate both of your hearts to continue to minister to us here!

Congratulations Robert. Thank you for taking on this responsibility. May the Lord bless you as you are a blessing to us.

Why is it that only people who use their real names get to be moderators?

Thanks to all for the encouraging words. I appreciate Greg and the other moderators over the years. Perhaps by God's grace I may be of some help.

I am personally excited with brother Robert serving in this way. It will be great to see him and possibly another brother serving to watch over these forums. It is a very unthankful job and it is so wonderful to see 2 brothers serve in this way for so long.

Thank you brothers and sisters on SI for your continued prayers for this ministry and all the people involved.
