Intercession by Leonard Ravenhill - posted by Jeremy221, on: 2011/2/24 10:45

I was blessed by this message and know that it is important that as we keep eternity in view, we learn to intercede and travail before the Lord. I have been seeking after the Lord for sometime to enter this but it has taken time and persistence and I feel like I am only on the threshold. I pray you be blessed by the hearing of this word.
