

Miracles that follow the plow :: Christians are in need of your prayers. (from GFA)

Christians are in need of your prayers. (from GFA) - posted by Joyful_Heart, on: 2011/3/14 22:07

Dear Fellow Christian,

We have four situations where Christians are in need of your prayers. (from GFA just arrived in my email)

Threatened by Her Own Son:

On February 20, a group of anti-Christian extremists armed with rods disrupted a prayer meeting occurring at Hemali's house. Her own son was among them! Find out how you can pray for Hemali, her family and the congregation.

Boy Needs Deliverance:

Gupjan's father knew exactly what was causing his son's bizarre behavior. He even knew how to help his son recover, but he refused to do it. Meet Gupjan and his father.

Church Construction:

Please join us in praying for two church building construction projects that are facing opposition. One construction has begun, but people have since gathered against the building of the church.

In another area, people are threatening Gospel for Asia-supported missionary Pavitra Chopra as he erects his new church building. Pavitra has been sharing the Good News with many people, and by God's grace, he and his growing congregation were finally given some land to build a church on. But the village chief does not like any Christian activity occurring in his village.

Please pray for both these situations. Pray specifically for Pavitra and the believers in this area as they endure this difficult situation. Pray their opponents will let the construction work resume in peace and come to discover God's saving grace.
