Planned Parenthood Performs One Abortion Every 95 Seconds - posted by sermonindex (), on: 2011/4/9 7:56

Planned Parenthood performed 332,278 abortions in the United States in 2009, according to a fact sheet the group published last month.

That is about as many as the 333,012 people who lived in the city of Cincinnati, Ohio, in 2009, according to the U.S. Census Bureau.

The 332,278 abortions Planned Parenthood performed over the 365 days of 2009 equals an average of 910 lives terminated per day—or about 38 per hour, or one every 95 seconds.

In case anyone doesn't have the time to read the linked article, here's an important fact that we (American Christians, especially) need to pray about:

Quote:
 -----CNS News also points out that 90 percent of Planned Parenthood's \$363.2 million came directly from the federal government—or from Medicaid, which is a federal-state program. And that's according to Planned Parenthood spokeswoman Tait Sye.

Lord, have mercy on our nation and grant us repentance for such horrific evil!

Japan got a 9.0 earthquake, a tsunami that took at least 25,000 lives and a four wrecked nuclear power plants, that have molten piles of highly radioactive fuel, spewing out poison day after day into the unforeseeable future.

their national sins are evident, BUT, we, the US, who have been given so much, think how our national sins have been stacking up like bricks, abortion, greed, a civil war that killed millions, enslaved, oppressed and raped millions of Africans and to this very day a military industrial complex, that has its bloody fingers in about every nation on the planet, maintaining over 750 overseas bases...and oh, by the way, men wanna marry men, and women wanna marry women.

if such happened to Japan, what is OUR judgement going to look like?

I believe this is part of the judgment. Being turned by God to do that which is not convenient.

Planned Parenthood is nothing but EVIL.
