Saints,

A dear brother in a local Calvary Church here in Ottawa has a great messianic ministry to look at the scriptures from a Jewish perspective. It is insightful, make sure if you are interested to sign up for the weekly emails.

It is wonderful how so many brothers and sisters from so many backgrounds contribute to the body of Christ and to the extension of the kingdom of God. May God give myself and all of us eyes to see this and to have grace and love for all in the body that God is using.
