Almost 1000 downloads in just 3 days..... Help spread the word - posted by sermonindex (), on: 2011/5/31 23:09

Saints,

Since we featured the message: "God's People Are Not Prepared by Mark S. Case" there has been a great response to it and many comments: <https://www.sermonindex.net/modules/mydownloads/singlefile.php?lid=22432&commentView=itemComments>

I believe this is a very important message and is very much worthy of dissemination. Do prayerfully consider writing a blurb about it and linking to the sermon in a blog post. Or on your facebook account. Let's share this message not just with the SI community but to others that need to hear this message.
