Guidelines for Effective Prayer Meetings - posted by sermonindex (), on: 2011/7/23 9:47

Saints,

Here are some very helpful reminders and helps for you if you are planning to run a prayer meeting in your local church or ministry.

"Dear friend, as I share with you these guidelines on prayer, I know that they will do nothing for you, nor the kingdom of God, unless you start to enter warfare and start praying. You will see victories won that you never even dreamed were possible. May the Lord bring you to a place in your life where your prayers will help change the course of a lost world." - K.P. Yohannan
