PLEASE PRAY: Missionary Brutally Attacked - posted by Joyful_Heart, on: 2011/9/2 17:45

Dear Fellow Christian,

Gospel for Asia-supported missionary Thanglot Chanu and his brother-in-law, Prem Rana desperately need your prayer s. They were brutally attacked last Friday by five knife-wielding men. See how you can pray for them here Thanglot and his brother-in-law, Prem, were walking through a thick jungle like this when they were attacked.

Gospel for Asia-supported missionary Thanglot Chanu escaped from five men, but only after they brutally attacked him. However, his brother-in-law, Prem Rana, is still missing and feared dead.

The nightmare began at 5 p.m. Aug. 25 as the two men were walking home from a village where they had gone to visit a friend. Two miles outside the village in the dense jungle terrain, five men jumped from behind a bush, lunging at them with knives.

They stabbed Thanglot and Prem multiple times during the frenzied attack.

It all came to an end when one of the attackers injured his hand. As the men with him turned their attention from Thanglot and Prem to help their injured friend, Thanglot quietly ran away without looking back. He assumed Prem was doing the same thing.

Thanglot was badly injured, and his neighbors had to take him to the hospital. That's when he learned Prem never made it home. They still have not found him and fear he may have been killed in the attack.

Thanglot did not recognize his attackers, nor does he know their motive. Violence and lawlessness are common in this area.

Thanglot is asking for prayers for Prem, that he would be found quickly.

Thanglot also needs prayer for healing. His injuries are extensive and will require months of treatment.

Pray also for the situation in this area. The violence is so bad many people are afraid to leave their homes. Thanglot is praying the message of Christ will result in peace and harmony in the area.

Link your life with a Gospel for Asia-supported national missionary like Thanglot.
