I got this email and am wondering if anyone can help out with this:

---

Dear Sermonindex,  
I've been listening to a wonderful message by Leonard Ravenhill entitled "Anahiem Talk on Revival". The Holy Spirit has made many convictions on my prayer life and the need to dig deeper to see His face. Sadly, at the end of the first tape another person notes that the listener is to go to the next tape. This tape does not appear on the list. How can I link to it to complete this message?

Thank you so much for this wonderful site. I know the Lord is pour treasures into your inheritance because of it, however I am sure, like I, the only reward you want is to see His face. What a glorious day it will be.

Forever in Christ,
