I am and have been praying much....and because of that the enemy is bringing a new onslaught of attacks against me and my family...I had wanted to attend, but think that God would have me praying instead.....May God do a mighty work!!

Dear saints, your prayers were felt at the conference. Steve Gallagher preached a powerful word about the cross. Please keep the conference in your prayers tomorrow.

Re: Emergency prayer, on: 2012/10/6 13:48

Saints please plead the hood of Jesus over SI conference. Technical issues arising due to demonics. Please ask God to bind up retaliatory spirits. Please pray that this message goes out without hindrance. Please pray God will be glorified. And Christ be victorious. Hallelujah!
