You don't have what happens to Charles Simeon or Jonathan Edwards or Thomas Charles or John Wesley unless you are doing what they do which is meditation.

We live in a day where meditation is almost impossible.

We've got so many toys. So much noise. So many distractions

Brethren, when you become filled with a joy that is unspeakable and full of glory over the glories of Christ.

People who become unable to speak because of an exhilarating glory of Christ the only words that can come out, amid tears, and deep heart movement of the truth of the reality of the Person of Christ

And all they can say is; "Glory, Glory."

People like that they don't go out and let sin and weight cling to them.

They don't go out and have to be told to obey those in leadership or attend meetings or be fruitful in their life.

People are not headed back to the old country when they have experienced Christ
