

**Miracles that follow the plow :: prayer for my uncle Ken**

**prayer for my uncle Ken, on: 2013/12/28 22:18**

My uncle Ken yesterday was taken to the hospital and is in critical condition. They have done tests on him and they have found that he has a flu and it is really bad. They have given him medicine and his blood pressure was brought back up, but he is still not doing good. Please keep him in prayer.
