His Eye is On the Sparrow by David Wilkerson

Topic:

Scripture(s): Isaiah 34:1, Isaiah 40:17-18

Description: July 23, 2006. The focus of God's eye is not on the calamities and wars around us. Jesus shows us how the Father cares for us in hard times by the analogy of the sparrow. The Lord is calling His church to rise up and take courage and trust God. He will begin to fill us with His grace and peace. God in these last days wants to give us an understanding of His love to keep us standing strong and secure .
