

## Revivals And Church History :: National day of repentance ..pls join.

National day of repentance ..pls join. - posted by flaglady (), on: 2015/4/24 20:38

### GLOBAL SUPPORT FOR USA REPENTANCE DAY

With key support from prayer teams in Australia and other nations many Christians in America will take time Thursday, April 30, 2015 to be with the Lord in their prayer closets and churches to observe a vitally important National Day of Repentance.

Key support has come from Warwick Marsh and other members of Australia's National Prayer Team who are calling believers in Christ in many nations to stand with believers in the USA at this critical time. [www.nationaldayofprayer.com.au](http://www.nationaldayofprayer.com.au)

This year's National Day of Repentance for the USA will be a national and international grassroots event with two goals.

Honoring George Washington's Godly inauguration on April 30, 1789 one goal is to have at least 1,789 churches in America hold a repentance service on April 30 or on one of the next six days leading up to the National Day of Prayer on May 7.

Repentance—turning away from our sinful ways back to God--- opens the heavens so that the Lord, following 2 Chronicles 7:14 will "hear from heaven, forgive their sin and heal their land." The acute problems in this and other nations are beyond politics. We are in a spiritual battle for the destiny of this nation. The spiritual solution, known to the founders of this nation, is to have the battle become the Lord's through the sincere repentance of His people called by His name.

The repentance services will be unique to each church and will provide times of prayer and repentance for personal and national sins. God willing, thousands will take a stand against apathy, cowardice, fear, pride, worldliness, sexual sins, the threat of redefining marriage despite Jesus' clear definition, idolatry, apostasy, breaking of our Godly covenant including not standing with Israel, moral decay, the shedding of innocent blood, and loss of religious liberty.

Additionally, as a second goal, thousands more, in many nations in the Body of Christ, will participate on April 30 in an international "sacred assembly." For five minutes on April 30 at 7 PM EST, 4PM PST, 9 AM May 1 in Canberra, Australia thousands in their time zone led by the Holy Spirit will join in a simple prayer for the Godly roots of the United States to be restored. The suggested prayer will be posted at [www.dayofrepentance.org](http://www.dayofrepentance.org) and will be published on websites such as the The Elijah List and Breaking Christian News. [www.elijahlist.com](http://www.elijahlist.com)

In keeping with the Washington theme intercessors from the State of Washington are already inaugurating the April 30 grassroots event, networking across the 50 States to reach pastors and priests to hold the 1,789 repentance services on April 30.

Thank you very much for posting. We appreciate our brothers and sisters in other nations that have a burden to pray for America.

God honors corporate prayer and repentance, and this is one of the conditions for revival and awakening to come to a nation, and it is the Church that must take the lead, as these meetings are intended to do.

I believe if each person would take care of the errors in his or her heart the body of Christ would be a hospital..

Repentance and being on your face before the LORD is a good place to be.

We can repent now and have the fire purify us..or we can burn later.. Burn now im thinking (::

The fire is good for us.

Send your fire to purify us LORD.. Send your fire to purify us LORD..

in JESUS name
