Do we know the times of the nightly prayer calls? And what the theme of the prayers are?

If you follow that link in the original post the info there should answer your questions.

Last nights prayer included intercession for awakening in the church with a focus on relationships between older and younger generations within the church. It's encouraging to see leaders from many different church bodies participating.

Thanks Ron. Just looked at the link. Looks awesome the different leaders from different ministries and churches are leading the prayer initiative. I believe tonight Dave Butts is leading from Harvest Ministries. Will try to check this call out tonight.

Also the National Day of Prayer is leading morning watches from 12 p.m. Eastern to 6 a.m. Eastern. I have prayed with the NDP watch. Powerful prayer goes up in the early hours of the morning. One can go to the NDP website and get the number and times of those calls.

Praise God that in these end times prayer is going up via conference call lines.
